MR. HINES IS HERE.

Said To Be Taking Affidavits
In Asylum Case.

Commissioners Not Asked to Assist
in Making The Alleged Investigation.

Inspector H. D. Hines arrived Saturday, it is said to begin an investigation of the charges made on May 4 by Dr. E. B. McCormick against Dr. W. A. Lackey and other officers. Only the charges against Dr. Lackey are to be investigated, so far as known, and the so-called investigation is being held, it is reported, at a room in town. The President of the Board of Commissioners to whom the charges were formally reported, was seen yesterday and said he had no official knowledge that an investigation was going on. Dr. McCormick is not present in person or by attorney, and the fact that the commissioners were not asked to be present indicates that the investigation is of a purely private character.

The charges against Dr. Lackey were made nearly two months ago, and after a month had elapsed Dr. McCormick was asked to embody his charges in an affidavit, which he did on June 1, sending the paper to the Commissioners and writing Mr. Hines where it could be secured. Regarding Mr. Hines' statement that the affidavit was not obtained until June 15, President Knight says Secretary Feland was ordered to notify Mr. Hines at once that it was subject to his order and if it has been withheld it was against instructions. Furthermore the affidavit was promptly published on the day it was made at Owensboro.

The policy of delay from week to week has been so well understood here that but little importance is attached to the alleged investigation.

Some weeks ago Mr. John Feland notified Inspector Hines that as attorney for Dr. McCormick he was ready to go into a legal investigation, in which testimony would be received and witnesses examined. Mr. Feland is authority for the statement that he was notified that the Governor preferred an "affidavit investigation," which was begun at a time when important witnesses were in hiding from the grand jury.

It is well enough for Gov. Beckham to know that the public will not be satisfied with any star-chamber inquiry. The facts cannot be suppressed. If Dr. Lackey is innocent he is entitled to a fair legal investigation, represented by attorney, to the end that his innocence may be publicly established. If he is guilty, it is no case for whitewash brushes in secret sessions. The charges have been publicly made and the vindication should be given in such a way that it will not be looked upon as a roaring farce.

END COMES.

The Rev. E. W. Bottomley Passed
Away Shortly Before Noon.

The Rev. E. W. Bottomley, pastor of the Wilson Memorial Methodist church, died at 11:45 o'clock Saturday morning after a protracted illness.

Mr. Bottomley was born near Baltimore, Md., sixty-four years ago. When only three years of age he accompanied his father, Thomas Bottomley, a noted pioneer Methodist minister, and he spent his early life in Elkton, Russellville, Hopkinsville and Bardonia. He was ordained as a minister in 1860. During his pastoral life he has had charge of the Marcus Lindsey, Lander Memorial and Wilson Memorial Churches, of this city.

Mr. Bottomley was married June 5, 1867, to Miss Annie Walker, daughter of the late Judge John Walker. Four children were the result of this union: Miss Alberta and Miss Maggie Bottomley, Mrs. Frank Yost, of Hopkinsville, and Mr. Robert W. Bottomley, Louisville Post.

JULY 10 AND 11.

All Eyes On Hopkinsville, "The
Pearl of the Pennyrite."

Turnpikes Opened July 1 and Big-
Best Road Convention in the
South Will Follow.

The Good Roads Convention to be held in Hopkinsville July 10 and 11, following the construction of a model road and turnpike July 6 to 10, will be the most important gathering of the kind ever held in Western Kentucky. One feature will be a great industrial street parade, celebrating the opening of 75 miles of free turnpike roads in the county of Christian on July 1st. This demonstration is expected to eclipse any display ever seen in Hopkinsville. The sample road will be built and metalled within a mile of town and the operation of great graders, crushers and rollers will be an object lesson all should see. The Fiscal Court has appropriated \$1250, the city Council \$300 and the citizens have supplemented these appropriations by liberal private subscriptions. About \$2000 will be expended in making the convention the biggest one held on the Southern trip of the National Good Roads Association. The Invitation Committee has sent invitations to prominent men all over Western Kentucky, and county judges in 40 Western counties are urged to appoint delegates to attend the convention. Committees are actively at work and the success of the convention is fully assured. The official program, giving speakers and other details, will be out in a few days. All newspapers of Western Kentucky are requested to make mention of the convention and help to work up a big crowd. The railroads will give a half rate and all who visit the city will be given a cordial welcome. Hopkinsville never does things by halves.

TRENTON CONTEST

Big Success and a Handsome Sum
was Realized.

Trenton had an Old Fiddlers' contest last night and the affair was a big success. The management of the entertainment was in the hands of Mr. M. W. Blair of Clarksville. About thirty performers took part and a handsome sum was realized. The proceeds will go towards swelling the fund for the new Christian church to be erected in that place.

The Hopkinsville quartet took part and "pulled down" some of the best prizes. The judges were Dr. R. R. Grady, Mrs. Bessie Oldham and Mr. John T. Evans.

DEAD ON DOOR STEPS.

Aged Colored Woman Expired
Suddenly Saturday Morning.

Sarah Clark, col., aged 67, was found dead in the door way of her house in Hubbardville about 6 o'clock Saturday morning. She had not been well for a year or more. Coroner Allenworth held an inquest and the verdict was to the effect that she came to her death "by cause unknown."

ADJUDGED A LUNATIC.

North Christian Lady Sent to Asylum
Second Time.

Mrs. S. C. Berry, wife of Mr. J. W. Berry, of North Christian, was adjudged a lunatic by a jury in the Circuit Court yesterday, and ordered sent to the asylum for treatment. Mrs. Berry is 61 years old and was in the asylum some years ago and was discharged seeming cured. Her malady returned, however, and she had to be sent back.

DEATH OF MRS. MARQUESS.

Christian Woman Passes Away
After Long Illness.

Mrs. Mary Darnell Marquess, wife of Mr. J. C. Marquess, of Pee Dee, died Saturday morning, after a long illness, of a complication of diseases. She was a member of the Christian church and a lady held in the highest esteem by a host of friends.

Services were held Sunday afternoon at her late residence and the interment took place in the Pee Dee cemetery.

GATHERING THE GRAIN.

Wheat Harvest Commenced in
Christian on Yesterday.

Wheat harvest commenced in South Christian yesterday and by the middle of the week fully half of the crop will be ripe enough to cut. With good weather for harvesting much of the grain will be in shock by Saturday night. Where the seeding was on tobacco land the wheat is good and appears to be well filled, but on corn land the crop is light and the yield will be small.

MR. BEIN DEAD.

Houston Railroad Man Succumbs
to His Paralytic Stroke.

Mr. C. W. Bein, of Houston, Texas, who was stricken with paralysis last week, died Wednesday and was buried at New Orleans, La. Mr. Bein was 52 years old and leaves a widow, who was Miss Bobb, and two small children, a son and a daughter. He was Traffic Manager of the Southern Pacific Railroad and prominent in railroad circles.

WELL KNOWN CITIZEN

Dies in Tennessee and Remains
Buried Near Howell.

Hon. Berry Lyle, father of Mrs. Lula Giles, of Howell, died at the home of his brother, G. L. Lyle, in Montgomery county, Tenn., Saturday. He was one of that county's oldest citizens and had been in bad health for several months. He was twice a member of the Tennessee Legislature and was also a member of the Montgomery county court for many years.

Squire Lyle was twice married and is survived by a family of adult children, both wives having preceded him to the grave many years. His death was due to an affection of the kidneys, complicated with paralysis. His remains were buried Sunday at the home place of his daughter, Mrs. L. A. Giles, near Howell.

PARALYSIS OF BRAIN

Causes Death of Aged Colored
Man.

Henry Goode, col., died suddenly Saturday of paralysis of the brain. Goode had been in bad health for several months and on Thursday suffered a stroke of paralysis. He was 69 years old and lived on Thirteenth street.

Died in Asylum.

The wife of Mr. Mack Dulio, who lives near Laytonville, died at the asylum at Hopkinsville Friday night. She had been in poor health for some time. Her mind gave way and she was taken to the asylum, where she remained a little over a week when death relieved her of her sufferings. She leaves two little children, a husband, father and mother and many friends to mourn her death.—Fairview Review.

The Brotherhood of Man.

How much nearer to each other the nations of the world seem to be today, and really are today, than was the case a few decades ago. When weeks and months were required for communication between the United States and Europe the countries of the old world appeared a long way off. Now the circumference of old earth is belted with telegraph and cable lines in every possible direction. What happens today in Europe, Asia, Australia, South America, and the great islands of the sea is made known to us tomorrow by great newspapers like the Chicago Record-Herald, whose foreign news correspondents are located in every large city in the world outside of the United States. In addition to its own staff correspondents, the Record-Herald enjoys the foreign news service of the New York Herald, famous for many years for the reliability of its foreign news, and also of that great co-operative news-gathering organization, the Associated Press. No other daily newspaper in America possesses facilities so varied and extensive for covering the news of all nations.

MAKES FREAK CLOCKS.

Frenchman Manufactures Reliable Timepieces of Straw, Wood and Common Paper.

In Coutances, France, lives M. Le Boullat, a curious man, who devotes his energies to the manufacture of curious clocks. He makes timepieces of straw, of wood, of paper, and sometimes of solid gold, inlaid with diamonds. For 30 years he has been working at his "freak" clocks and has made them of almost every conceivable material. The clock of Boullat's clocks is made out of old newspapers. He collected a lot of papers, made them into a pulp, which he mixed with a hardening material, and

TWO FREAK CLOCKS.

(One is Made Entirely of Paper, the Other of Logs)

carved his clock out of the resultant mass. When he got through preparing the paper pulp it was as hard as steel, but very brittle. Nevertheless, by the exercise of great care, he was able to carve out the wheels, posts, teeth, pendulum, etc. The pendulum rod and other large pieces were made by casting the material in a mold.

Another is a clock of wood. He calls it a rustic clock, and it certainly is rustic in appearance. It looks like a collection of logs and sticks held together by wires. On closer inspection one sees that it is a veritable clock constructed on scientific principles. All the parts of this wooden clock are complete, though they are simple, almost primitive in design. The base of the clock is made of two logs of firewood, fastened crosswise. Two upright sticks solidly connected at top and bottom serve as a support for the spindles of the wheels. The motor weight is suspended from the drum of a four-armed wheel, which occupies the central part of the timepiece. The mechanism consists of a motor weight, the four-armed wheel and encasement rack, a pendulum and two pulleys, one of which has a crank and handle for winding. A dial and hands complete the clock, all of which is made of wood except the wheel and the rack, which is of metal. This clock keeps excellent time, never varying more than two minutes a week, a remarkable thing when one considers the construction.

Several years ago M. Boullat made a clock of straw which attracted much attention. Frequently the clockmaker receives commissions from rich Frenchmen for the construction of clocks of silver or gold, decorated with precious stones. He has made clocks entirely of gold, with diamond-tipped hands and rubies, garnets, pearls, opals, emeralds and other precious stones to represent the figures on the dial. Some of the clocks are small, but beautiful.

Largest Vessel on the Ocean.

The steamship Celtic, to be finished and launched this summer, will be the largest vessel on the ocean. It will have a displacement of 33,000 tons, nearly 5,000 tons greater than the largest steamship now afloat; a half dozen long railway trains can be carried by her, and she will be able to provide for nearly 2,500 passengers, almost an army brigade, and Capt. Ismay expects to see an even greater ship than the Celtic built within a

YOUNGEST CARDINAL.

The Honor is Now Held by Prince Archbishop Baron Von Skesensky.

Cardinal Prince Archbishop Baron Von Skesensky is the name of the youngest cardinal recently appointed by the pope. If all that is said about this young prelate—he is about 40 years old—he be true, then he fully deserves the honor bestowed on him by his holiness and the titles of nobility he bears, though the latter are his by birthright.

In his early days Cardinal von Skesensky is said to have been betrothed to one of the most beautiful young

CARDINAL VON SKESENSKY.
(Prince Archbishop of the Bohemian Diocese of Prague.)

girls of the Austrian nobility. It was a love match par excellence. The young student was heart and soul devoted to his pretty fiancée. Then came a dread disease, which suddenly robbed him of his bride just before the wedding. Nothing that his parents or his friends could do for him could heal the wound. Then the young man, who had been reared an agnostic, and I will give you rest. It seemed as if Heaven itself opened its arms, whence came the sweet melodies of the organ and the choir. Involuntarily his footsteps led him into the sanctuary. The music ceased and a venerable preacher began to deliver a sermon on the text: "Come to me, all ye that are weary and heavily laden, and I will give you rest." He was then given up and all his energies were concentrated to the task of bringing to his fellow men that peace and consolation which he himself had found.

Father Skesensky was to be, henceforth, his reverend misery and sorrow dwelt. Thousands of poor were aided, through his instrumentality. His great fortune was given away in a very few years. Drinkards and rouses reformed under his instructions. The prisons, the hospitals, the shades of crime, all felt the beneficence of his gentle ministrations. No one, then, after his appointment by the Vatican to the cardinalate, a distinction he, of all men, least expected, he received such a brilliant ovation in Prague. The streets were packed with multitudes of devout admirers, many of whom he knew by name and whose secret sin he had healed. He was received at the station by the burgomaster, De Seel, and a municipal detachment and driven in the city gala coach, drawn by six horses and escorted by a detachment of cavalry to the archiepiscopal residence on the Headshin. Here was gathered the highest of the land, headed by Prince Auersperg, who delivered a congratulatory address. Among those present were Prince Alfred Windischgratz, Count Franz Thun, Prince Carl Schwarzenberg and Count Eberhard von St. The festivities in celebration of the cardinal's appointment lasted two days.

UNIQUE BREASTPLATE.

(Made of Small Pouches Captured from British Officers.)

by some of Gen. Lord Kitchener's officers. This breastplate consisted of a leather shield, which was strapped about the neck and under the arms, and was covered with small pouches captured from British officers. These pouches bore the initials and emblems of various British regiments. Among them were pouches from officers of the Dublin Fusiliers, the Duke of York's Own, the Cambridge Grenadiers, the Gloucestershires, the City of London volunteers, Strathcona's horse and other well-known corps. The Boer who designed this fantastic breastplate must, it is believed, have been of a poetic disposition, for the numerous pouches could have been of no possible use and only served as a novelty.

Kentucky is to have 3 of President Moore's Good Roads Conventions. Or rather there will be one mammoth convention at Hopkinsville and two feeble imitations at Louisville and Owensboro. Only the graders will be used at Louisville, but in Christian county no road is considered a good one until it is macadamized.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

What are Humors?

They are vitiated or morbid fluids coursing the veins and affecting the tissues. They are commonly due to defective digestion but sometimes inherited.

How do they manifest themselves? In many forms of cutaneous eruption, skin rashes or eruptions, pimples and boils, and in weakness, languor and general debility.

How are they expelled? By Hood's Sarsaparilla which also builds up the system that has suffered from them.

It is the best of all medicines for all humors.

GOOD ROADS CONVENTION

The Good Roads Convention to be held in Hopkinsville July 10 and 11, under the auspices of the National Good Roads Association, is an event of the greatest importance to the Western half of Kentucky. Only two other conventions will be held in the State, one at Louisville and the other at Owensboro.

The National Association is doing excellent work in this plan of promoting interest in good roads. A similar convention at Jackson, Miss., last week resulted in the organization of a state association and aroused great enthusiasm in the work of improving public highways. The road-building campaign furnishes an object lesson that cannot be forgotten. The Illinois Central Railroad is hauling eight carloads of special machinery and this construction outfit will arrive July 6th, four days ahead of the first convention, and build a modern sample road one mile from town on the Church Hill road.

It will be shown how dirt roads should be made to insure keeping them in good condition all the year, and the best way of constructing macadamized roads will also be demonstrated. The rock for this purpose is being quarried by the roadside and will be crushed by machinery carried for the purpose. Many new things will be shown, among others, how the use of oil keeps down dust. In the party, (headed by President W. H. Moore of the National Association) are engineers who have built roads in all parts of the world, and who are able to show how good highways can be made at the lowest cost. In Christian county the macadam road will be a strong feature, as the other conventions are not in limestone sections of the state. Where there is no stone, good dirt roads can be made and this question in all its branches will come before the next Legislature. Public interest is being aroused and the discussion of this question is sure to create enthusiasm. Many able speakers will be here next month and delegates from forty Western counties are expected.

McKinley's refusal to run for a third term is not likely to meet the approval of the nominees on the Christian county Ring ticket, most of whom have been sucking the public teat for many years. They have come to regard themselves as a privileged class who not only control the Republican party with an iron rod, but own the county as well.

The KENTUCKIAN demands the same justice for Dr. Lackey that it vainly demanded for Dr. McCormick in the Asylum matter. He is entitled to a full and free investigation, in which he can meet his accusers face to face and have a chance to prove his innocence in a public manner.

The jury in the Lulu Prince-Kennedy murder case at Kansas City brought in a verdict of murder in the second degree and fixed Mrs. Kennedy's punishment at ten years in the penitentiary. Kennedy was forced to marry the girl and immediately brought suit for divorce and she went to his office and killed him.

Washington's coach, which was exhibited at Philadelphia in 1876, it has of late years been badly used by its owner, who kept it in a shed and let chickens roost in it. It has lately been shipped to Mt. Vernon to be cared for with other relics.

A celebrated statistician, J. Holt Schoelling, figures it out that in the year 2250 the earth's population will be 52,073,000,000, or 1000 persons to the square mile. At present Belgium, the most densely populated country, has 572 to the square mile.

city. Mr. P'Pool has entered upon an active canvass and is meeting with much encouragement from people of all parties who are opposed to bossism and ring rule in Christian county. He is earnestly supported by many of the most prominent Republicans in the county and confidently expects to be elected by a good round majority. Mr. P'Pool has a majority of 782 to overcome, based on the vote of 1897, and while he expects to get 1500 Republican votes at least, he could win with 400. His present opponent was elected by only one majority in 1890.

SUNDAY SCHOOLS

Will Be Discussed In Convention Next Friday.

The three sessions of the Christian County Sunday School Convention which will be held in the Methodist Church in this city next Friday, will be of surpassing interest to all who attend.

In addition to the local Sunday School men who will take part on the program, the three State workers will be here to add interest and value to the meetings. General Secretary Fox brings with him this year Prof. Pritchett, of Louisville, and Miss Nannie Lee Frazer, who is Superintendent of the State Primary work. Prof. C. E. Dudley, of Pembroke, will also take part on the program.

Sunday School people realize the value of the convention and will attend in large numbers.

Hopkins County Coal Barons Want That Record-Breaking Injunction Reinstated

Frankfort, Ky., June 15.—The noted Hopkins county coal miners' injunction case is being heard before Appellate Judge Burnam in chambers here this morning on a motion of the St. Bernard Coal Company to reinstate the injunction dissolved by Circuit Judge Nunn. The coal company is represented by Attorneys Gordon & Gordon, of Madisonville; Pratt & Waddell and E. G. Sebre, of Henderson, and the union miners are represented by Judge James S. Pirtle, of Louisville; P. M. Sackett, Henry D. Hughes, of Morganfield; W. T. Ellis, of Owensboro, and R. N. Thomas, of Princeton. The new famous injunction was granted by the Circuit Clerk of Hopkins county to restrain their striking brethren of the Western Kentucky mines. After allowing it to stand several weeks, Circuit Judge T. J. Nunn dissolved the injunction.

HIS LIFE SAVED

By Chamberlain's Colic, Cholera And Diarrhoea Remedy.

"I am sure that Chamberlain's Colic, Cholera and Diarrhoea Remedy at one time saved my life," says A. E. Lafayette, of Gregory Landing, Clark county, Missouri. "I was in such bad shape the doctors said I could not live. When I was at the lowest ebb, one of my neighbors brought in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and I took it and got instant relief. I soon got up and around. That was nine years ago and I am still in good health. Since then the medicine has always been in my house and always will be. It is the best on earth." For sale by all druggists.

H. E. JENKINS DEAD.

Popular Bowling Green Man Passes Away Suddenly.

Bowling Green, Ky., June 14.—Ex-Mayor Henry E. Jenkins died this morning. His death was due to eating too hearty of fresh vegetables. He was married only a few days ago. Mr. Jenkins was a popular citizen and a Mason of exalted rank.

You may as well expect to run a steam engine without water as to find an active, energetic man with a torpid liver and you may know that his liver is torpid when he does not relish his food or feels dull and languid after eating, often has headache and sometimes dizziness. A few doses of Chamberlain's Stomach and Liver Tablets will restore his liver to its normal functions, renew his vitality, improve his digestion and make him feel like a new man. Price, 25 cents. Samples free at any drug store.

Feels Good Over It.

Our friend Mr. B. C. McKenzie of the country was in town a few days since and reported to us that he had struck a piece of luck. His parents, Mr. and Mrs. W. C. McKenzie of Christian county had been to see him and while here they decided him about 300 acres of land in Christian county.—Madisonville Graphic.

Unnecessary Loss of Time.

Mr. W. S. Wheden, Cashier of the First National Bank of Pinterset, Iowa, in a recent letter gives some experience with a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I learned from him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the drug store and informed me that one dose cured him, and he is again at his work." For sale by all druggists.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail. Please also pamphlet telling all about it, including many of the thousands of testimonials letters received from sufferers cured. In writing Dr. Kilmer & Co., Birmingham, N. Y., be sure and mention this paper.

ILLICIT STILL,

Together With Large Quantity
of Beer, Destroyed.

Alleged Operator Captured And
Held Over to Federal Court
By Commissioner Ferguson.

LeRay Rager, aged about 60, living about two miles from Kirksville, in Todd county, was arrested last Friday morning and lodged in jail here on a charge of illicit distilling. Rager appeared before Commissioner Harry Ferguson Friday afternoon and was held over to the Federal grand jury. Bond was fixed at \$300 and failing to furnish same he was taken to the Nashville jail Saturday to await trial.

The arrest was made by J. H. Newman, General Deputy Collector, W. A. Overby, Deputy Collector for the Second District, and L. Yonts, U. S. Deputy Marshal. Learning that Rager was operating a "moonshine still," the officers met near the place of operations at an early hour and concealed themselves. In a short while Rager appeared and commenced work when the arrest was made. He offered no resistance.

The still was burned and a large quantity of beer, mash and singlings emptied upon the ground.

FISCAL COURT.

Makes Change in Free Turnpike Bond Contract.

Action Taken in Order to Conform
to Act of General Assembly
of Kentucky.

The Fiscal Court, at a special meeting, decided to make the turnpike bonds payable at the end of twenty nine and a half years, thus complying with the letter of the law. Following is the official order of the court:

"The court finds that under and in accordance with the provision of an act of the General Assembly of Kentucky entitled, 'An act to provide free turnpikes and gravel roads,' approved March 17, 1896, it is left to the discretion of this court to determine when the bonds authorized by said act may be redeemed within a period of thirty years from the date and acting under that discretion it is a pleasure of this court and it is now hereby ordered that the \$75,000 of bonds ordered issued by this court under date of Feb. 25, 1901 and to be dated July 1, 1901, be redeemed at the end of 29 1/2 years from their dates."

Fulton & Co., the purchasers of the bonds, amounting to \$75,000, will be given a rebate of \$185.

The Florida coon who was burned at the stake could not complain that his white friends failed to give him a fair trial.

SIX IN ONE DAY.

Five Georgia Negroes Legally
Hanged in a Bunch.

Another Execution the Same Day
In Another Part of the
State.

Sylvania, Ga., June 14.—Arnold Augustus, Andrew Davis, Richard Sanders, William Hudson and Sam Baldwin, all negroes, were executed in the yard of the common jail of Screven county this afternoon.

The drop fell at 12:20. The necks of four were broken by the falls. The fifth died of strangulation. The negroes bore up well. They sang at the jail, and afterward marched between a squad of soldiers to the scaffold. Here they made a short talk and received spiritual consolation. They then drank lemonade (furnished by the Sheriff), and thanked him for his kindness to them. None of the negroes made any protestations of innocence.

Crime Which Caused Hanging.

The crime for which the negroes were executed was committed August 10 of last year in Screven county, and was more in the nature of a massacre than an ordinary murder.

Constable Milton Mears, Jesse T. Wade and Fillmore Herrington, were ambushed while trying to arrest Richard Sanders and Mears and Herrington shot to death. Wade was wounded but escaped. There were other negroes, but only five were captured.

NEGRO HANGED FOR MURDER.

Killed a Conductor On the Southern
Railway.

Brunswick, Ga., June 14.—Tricey Griffin, a negro, was hanged here today for the murder in October last of R. Marion Latimer. Latimer was a passenger conductor on the Southern railway. On the night the murder occurred, Latimer was informed, while his train was running between two stations in this part of the State, that some one was standing on the front steps of the baggage car. Latimer opened the door and called to the man to come inside. The negro stepped to the door of the car and shot the conductor, killing him instantly. Griffin was caught only after a long chase.

West 7th St. and Elm

St. Pavement ordinance.

Beit ordained by the Board of Council of the city of Hopkinsville that the pavements be repaired and put in proper condition under the supervision of the city engineer on the East side of Elm street between 4th and 7th streets, said work to be done at the expense of the abutting property owners, to wit: W. B. Owen, R. A. Elkin, Jim Holman and N. Christianson. Also for Harry Green to repair and put in proper condition the pavement in front of his property on North side of West 7th street.

This ordinance is to take effect at once after its adoption and publication.

Approved June 8th, 1901.

RAPE CHARGE

Against Willie Nance Who Is
Now in Jail.

Case of Alleged Criminal Assault
Upon Person of Six-Year-
Old Child.

Willie Nance, a colored boy, aged 16, is in jail charged with having criminally assaulted Lilly Arbuckle, a little colored girl only six years old. The child is a daughter of Tom Arbuckle, who lives on the farm of Esq. M. B. King, near Church Hill, and Nance is in Esq. King's employ.

It is charged that Nance, on last Saturday afternoon enticed the child into a meat house and accomplished his purpose. Her screams attracted the attention of parties on the premises, but Nance ran and made his escape. He returned home Saturday night, however, and Esq. King took him in charge and telephoned the fact to the authorities here. Chief Mathews and officer Cravens went out at once and brought the prisoner to town and he was locked up.

The child is very badly injured, but will probably recover. Nance's examining trial has not yet been set.

INDICTMENTS.

Big Batch of Bills Returned in
Court Saturday.

Damage Suit Settled—Court Disposing of Much Civil Business,
Together With Commonwealth Platters.

For several days past Circuit Court has been engaged in the disposition of civil matters and the docket is being rapidly cleared.

The damage suit of Rev. Yancey Wilson against Walter S. Bumpus was compromised and dismissed. Bert Williams, indicted for cutting in sudden heat and passion, entered a plea of guilty and was fined \$50 and costs.

On Saturday the grand jury brought in a number of indictments. Below is a list:

L. & N. railroad company, failing to ring bell or blow whistle, two cases.

Walter McIntosh, selling liquor to minor.

Livy Owen, Wm. Coleman, Albert Johnson, Ed Brown, J. Southall, Henry Campbell and Abe Brien, c. d. w.

Tom Davis, selling liquor to minor.

Jas. Ebling, feloniously cutting timber &c.

Alice Brown, abetting keeping of bawdy house.

Ed Woodall and Frank Triel, nuisance.

Lee Sugg and others, breach of the peace.

Chas. Richardson, selling mortgaged personal property.

Lee Bayless, cutting and wounding in sudden heat and passion.

Bert Williams, same.

Isaac Hendricks, furnishing liquor to minor.

Selling cigarette material to minor, five cases.

One bill for seining and two for selling liquor without license.

The Livy Owen case is set for trial tomorrow.

KILLING IN CLARKSVILLE.

Simon Gray Shot to Death By
Will Sheppard.

Will Sheppard, a Clarksville saloon keeper, shot and killed Simon Gray, col., Saturday. The killing occurred in Sheppard's saloon and grew out of a disturbance started by the negro, who became abusive when ordered from the house. Instead of leaving he applied vile epithets to Sheppard, who picked up a 38-calibre revolver behind the bar and fired twice at the negro. Either shot would have killed him. Sheppard was arrested, but gave

The Making of Good Coffee

Begins in the growing. Anywhere between the plantation and the coffee pot the flavor may be changed, the quality spoiled by carelessness, inexperience, or unscrupulous methods. From the time Arbuckles' Coffee leaves the hands of the grower until it reaches the user in a sealed packet, it is handled with the same watchful care, the same thought for cleanliness, that you would give any article of food that goes on your table. That's the reason it costs the grocer a cent a pound more than its cheap imitations. The extra cent you pay for

ARBUCKLES' Roasted Coffee

buys much more than a cent's worth of quality and strength. A pound of Arbuckles' Coffee will give you more cupfuls of better coffee than you would get from other package coffees.

Be sure you get Arbuckles' Roasted Coffee. Other package coffees are but imitations of Arbuckles'.

In each pound package of Arbuckles' Roasted Coffee there is a list of articles. With each package in which the list is found the purchaser has bought a definite part of some article to be selected by the grower from the kind subject only to the consumer that the signature on the package is to be out and returned to our Notion Dept. You should see this list. Address all communications to

NEW YORK CITY, N. Y.

THE NAVAL CADET

Responsibility and Fun of Serving on a
Man-of-War.

There is nothing which the naval cadet so fiercely resents as being called a boy, writes Cyrus Townsend in his reminiscences of the army and navy just published by the Scribners, with the title "Under Tops'ls and Tents." Boy is a regular rating in the navy, and the smallest midshipman feels insulted if that title be applied to him. He has been styled officially a young gentleman from time immemorial. Yet in no college where the course is as severe as the students more genuine boys than the "young gentlemen" of the naval academy. The age limits for inscription to any time were from 14 to 18, and the majority were nearer the lower than the higher limit.

The work of the school presents a singular mixture. At one moment a boy of 16 may be in virtual command of a 2,000-ton ship, or he may be running a 5,000-horse power engine. He may be drilling 400 other students, or mixing a deadly explosive, or in charge of an eight-inch gun; by contrast, and during the next half hour, possibly he is being inspected to see that his shoes are clean, his jacket brushed, and his face properly shaved! Or he may be reported for crossing the grass, or for smoking a cigarette, or for wearing a non-regulation collar.

On one hand he is under a tutelage longer and more severe, a discipline harder than any other boy educated either at home or at any ordinary college experiences; on the other, he is thrust into the midst of binding responsibilities and charged with the grave duty of commanding men; but he never forgets to be a boy in spite of his strenuous repudiation of the title. Indeed, when he is an old man with the four stars of a full admiral in his flag, he is a boy still. Farragut used to amuse himself on the Hartford and show his agility by jumping across a stick of wood which he held himself with both hands. I do not know if Dewey ever followed this childish and harmless practice, but I venture to say he is as much a boy at heart as he ever was.

BLOODY FIGHT.

One Participant Stabbed And Other Badly Used Up.

Ernest Snodgrass and Lee Bayless had a fight near the asylum Thursday night and during the altercation the former was stabbed in the back, while the latter was pretty badly used up. It seems that the young men had a previous difficulty and when they met again the trouble was renewed. Bayless was arrested and the grand jury returned an indictment against him the next day. He was placed on trial Saturday and the jury brought in a verdict of not guilty.

Grand Jury Quits

The Grand Jury adjourned Saturday without having been able to secure the attendance of material witnesses in the Asylum scandal cases. Bench warrants were asked for and the investigation was continued until the next session.

DON'T WAIT FOR

Wind Nor Rain

BUT BUY ONE OF OUR

Bates and Edmunds Gasoline Engines

To use in your well. You will find it to be far better than wind-mills in every respect. It has the most satisfactory machine you ever had on your farm. It runs itself and is lighted by an electric spark. We will set it up and connect it for you and make it do your work. We have a sample of it here in our house connected, up and ready to operate. Call and see it.

Another New One.

Please call and see the new roller-bearing buggy set up in our store room. It never has to be oiled and runs infinitely lighter than the ordinary axle. This is the famous Timken bearing and will interest you whether you buy or not. It is in the 2nd story of our carriage repository.

FORBES & BRO.,

HOPKINSVILLE, KY.

GUTHRIE FAIR.

Good Premiums and Some Fine Stock Booked.

The Guthrie Fair will be held July 4, 5 and 6 this year and the meeting promises to be a most successful one. Fine stock from all over Kentucky, and from several other states will be on hand.

This will be the first fair of the season and few who can possibly arrange to go will miss it. Guthrie has the only mile track in this portion of the State and there will be some good racing each day. Low rates will be given by the railroads from every direction and the attendance this year will probably be the largest within the history of the association. See ad. elsewhere in this issue for particulars.
